

Here is a new customer within the sports industry, Reflex Nutrition. They are the biggest sports nutrition manufacturer in England and sell approx 10 tons of products each month. They are now launching 2 new products with Aktivated Barley.

Instant Mass http://www.reflex-nutrition.com/products/muscle_gain/document_5_2.php

And, from the customer him self:

We will soon loaunch another product called Progen very shortly.(please see enclosed picture). The new Progen formula will be a very large player in the meal replacement sector here in the U.K.
